The Greens have

- Established the Yarra Energy Foundation to make Yarra carbon neutral
- Banned developers from briefings and pushed heritage protection and sustainable development
- Opposed clearway extensions and the East-West tollway
- Invested in cycling infrastructure
- Opposed the sale of public housing land for private development
- Increased funding for neighbourhood houses and employed a playgroup coordinator

Now we will

- Retrofit buildings for energy efficiency and build solar farms
- Establish Resident Planning Panels and a not-for-profit organisation to guide development
- Support Doncaster Rail
- Make Yarra child friendly by improving safety around schools and listening to young people
- Plant more trees, establish new parks, and install vegetable planter boxes in disused spaces
- Support local shopping strips by advocating late-night transport and assisting areas to become plastic bag and butt free
